Spatial retains all rights, title, and ownership not granted herein to all copies of the Software, Data and Documentation licensed under this Agreement. From the date of receipt, Licensee agrees to use reasonable effort to protect the Software, Data and Documentation from unauthorised use, reproduction, distribution, or publication. All rights not specifically granted in this Agreement are reserved to Spatial.

GRANT OF LICENSE

Grant of License—In consideration of the mutual promises provided herein and for other good and valuable consideration, and conditioned upon compliance with all of the terms and conditions set forth in this Agreement, Spatial grants to Licensee a personal, non exclusive, nontransferable license to use the Software, Data and Documentation for Licensee's own internal use only.

SCOPE OF USE

Permitted Uses
1. Licensee may install and use one (1) copy of the Software, Data or Documentation for internal use only during the term of the Agreement.
2. Licensee may make copies of the Software, Data or Documentation for backup and archival purposes during the term of this Agreement.

3. Licensee may use, copy, or prepare derivative works of the Documentation supplied in digital format and thereafter reproduce, display, and redistribute the customised documentation only for Licensee's own internal use.

Uses Not Permitted
1. Licensee shall not sell; rent; lease; sublicense; lend; assign; time-share; or act as a service bureau or Application Service Provider (ASP) that allows third party access to the Software, Data and Documentation except as provided herein; or transfer, in whole or in part, access to prior or present versions of the Software, Data or Documentation, any updates, or Licensee's rights under this Agreement.
2. Licensee shall not redistribute the Software registration number/license authorisation file(s).
3. Licensee shall not redistribute the Software, in whole or in part, including, but not limited to, extensions, components, or DLLs without the prior written approval of Spatial.
4. Licensee shall not reverse engineer, decompile, or disassemble the Software or Documentation.
5. Licensee shall not make any attempt to circumvent the technological measure(s) that controls access to or use of the Software, Data and Documentation, except to the extent that such activity is expressly permitted by applicable law notwithstanding this restriction.
6. Licensee shall not use the Software to transfer or exchange any material where such transfer or exchange is prohibited by copyright or any other law.
7. Licensee shall not remove or obscure any Spatial copyright, trademark, or proprietary rights notices contained in or affixed to the Software, Data or Documentation.
8. After a reasonable transition period for updating to the most current version of the Software, Licensee shall cease using all prior version(s) of the Software that Licensee has elected to update to the most current version(s) of the Software. When the transition to the most current version(s) of the Software is complete, the quantity of Software licenses in use by Licensee at any given time shall not exceed the total quantity licensed to the Licensee.

MAINTENANCE

Maintenance consists of Software, Data or Documentation updates and access to technical support. Maintenance for one (1) year is included with the initial Purchase of the Software, Data or Documentation. On each anniversary of the initial purchase, the Licensee will be required to pay the yearly Maintenance Fee in accordance with the then applicable price list to continue receiving Maintenance for that following year.

TERM AND TERMINATION

The license granted to Licensee by this Agreement shall commence upon the acceptance of this Agreement and shall continue until such time that (i) Licensee elects in writing to discontinue use of the Software, Data or Documentation and terminates this Agreement or (ii) either party terminates this Agreement for a material breach that is not cured within ten (10) days of written notice to the other party, except that termination is immediate for a material breach of a nature that it is impossible to cure. Upon termination of this Agreement, Licensee shall uninstall, remove, and destroy all Software, Data and Documentation, and any whole or partial copies, modifications, or merged portions in any form.

LIMITED WARRANTIES AND DISCLAIMERS

Limited Warranties—For a period of ninety (90) days from the date of delivery of the Software, Data or Documentation to Licensee, Spatial represents and warrants that (i) the unmodified Software will substantially conform to the published Documentation and (ii) the media upon which the Software and Documentation is provided will be free from defects in materials and workmanship under normal use and service.

High Risk Activities
1. The Software, Data and Documentation are not fault-tolerant and are not designed, manufactured, or intended for use or resale for insurance underwriting or with critical health and safety or online control equipment in hazardous environments that require fail-safe performance, such as in the

operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, emergency response, terrorism prevention or response, life support, or weapons systems ("High Risk Activities"). Spatial specifically disclaims any express or implied warranty of fitness for high risk activities.

2. To the extent permitted by law, Licensee agrees to indemnify, defend, and hold Spatial, its directors and employees harmless from and against any and all liability, losses, claims, expenses (including attorneys' fees), demands, or damages of any kind, including direct, indirect, special, punitive, incidental, or consequential damages, arising out of or in any way connected with Licensee's use or permitting the use by others of the Software, Data or Documentation.

General Disclaimer—Except for the above express limited warranties, Spatial disclaims all other warranties of any kind, either express or implied, including, but not limited to, the implied warranties of merchantability, fitness for a particular purpose, noninterference, system integration, and non infringement. Spatial does not warrant that the software or documentation will meet Licensee's needs, or that Licensee's operation of the same will be uninterrupted or error free, or that all nonconformities can or will be corrected.

Licensee expressly acknowledges and agrees that alpha, beta, prerelease, restricted version, sample code and evaluation software are delivered "as-is" without warranty of any kind, either express or implied, including, but not limited to, the implied warranties of merchantability, fitness for a particular purpose, noninterference, system integration, and non infringement. Licensee assumes all risk as to the quality and performance of the beta and evaluation software.

LIMITATION OF LIABILITY

Disclaimer of Certain Types of Liability—In no event shall Spatial be liable to Licensee for costs of procurement of substitute goods or services; lost profits; lost sales or business expenditures; investments; or commitments in connection with any business, loss of any goodwill, or for any indirect, special, incidental, or consequential damages arising out of or related to this Agreement or use of the Software, Data or Documentation, however caused, on any theory of liability, and whether or not Spatial or its Licensor(s) has been advised of the possibility of such damage. These limitations shall apply notwithstanding any failure of essential purpose of any limited remedy.

General Limitation of Liability— In no event will Spatial's total cumulative liability hereunder, from all causes of action of any kind, including, but not limited to, contract, tort (including negligence), strict liability, breach of warranty, misrepresentation, or otherwise, exceed the amounts paid to Spatial by Licensee for Software, Data or Documentation pursuant to this Agreement.

Applicability of Disclaimers and Limitations—Licensee agrees that the limitations of liability and disclaimers set forth in this Agreement will apply regardless of whether Licensee has accepted the Software Data, or Documentation or any other product or service delivered by Spatial. The parties agree that Spatial has set its prices and entered into this Agreement in reliance upon the disclaimers and limitations set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

INFRINGEMENT INDEMNITY

Spatial shall defend, indemnify, and hold harmless Licensee from and against any loss, liability, cost, or expense, including reasonable attorneys' fees, which may be incurred by Licensee against any claims, actions, or demands by a third party alleging that the Software, Data or Documentation infringes a patent, copyright, or trademark provided

1. Licensee promptly notifies Spatial in writing of the claim thereof;
2. Spatial has sole control of the defense of any actions and negotiations related to the defense or settlement of any claim; and
3. Licensee cooperates fully in the defense of the claim.

If Spatial believes that the Software, Data or Documentation is or will become the subject of an infringement claim, or in the event that use of the Software, Data or Documentation is enjoined, Spatial, at its own expense, may either (i) obtain the right for Licensee to continue using the Software, Data or Documentation or (ii) modify the Software, Data or Documentation to make it noninfringing while maintaining substantially similar software functionality or informational content. If neither of such alternatives is commercially reasonable, the infringing items shall be returned to Spatial and Spatial's sole liability shall be to refund license fees paid by Licensee prorated on a five (5) year, straight line depreciation basis beginning from the initial date of delivery.

Spatial shall have no obligation hereunder to defend Licensee or to pay any resulting costs, damages, or reasonable attorneys' fees for or with respect to any claims, actions, or demands alleging (i) infringement that arises by reason of combination of noninfringing items, however acquired, with any items not supplied by Spatial; (ii) infringement to the extent arising from material alteration of the Software or Documentation by anyone other than Spatial, its agents, or its contractors; (iii) the direct or contributory infringement of any process patent by Licensee through the use of the Software, Data or Documentation other than a process patent that is necessarily infringed by the internal processes executed within the Software itself when the Software is executed for its intended purpose; (iv) continued allegedly infringing activity by Licensee after it has been notified of the possible infringement; or (v) continued allegedly infringing activity by Licensee to the extent it arises from failure of Licensee to use the updated or modified Software, Data or Documentation provided by Spatial for avoiding infringement.

The foregoing states the entire obligation of Spatial with respect to infringement or allegation of infringement of intellectual property rights of any third party.

GENERAL PROVISIONS

Taxes and Fees, Shipping Charges—License fees quoted to Licensee are exclusive of any and all taxes or fees including, but not limited to, sales tax, use tax, value-added tax (VAT), customs, duties, or tariffs, and shipping and handling charges.

No Implied Waivers—The failure of either party to enforce any provision of this Agreement shall not be deemed a waiver of the provisions or of the right of such party thereafter to enforce that or any other provision.

Severability—The parties mutually agree that if any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make the intent of the language enforceable.

Successor and Assigns—Licensee shall not assign, sublicense, or transfer Licensee's rights or delegate its obligations under this Agreement without Spatial's prior written consent, and any attempt to do so without consent shall be void. This Agreement shall be binding upon the respective successors and assigns of the parties to this Agreement.

Equitable Relief—Licensee agrees that any breach of this Agreement by Licensee may cause irreparable damage and that, in the event of such breach, in addition to any and all remedies at law, Spatial shall have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction to prevent violation of these terms and without the requirement of posting a bond or undertaking or proving injury as a condition for relief.
